Subject: Re: Article for the Quarterly Journal of Forestry

Hi Debbie,

I am planning to include your article in the October issue of the Quarterly Journal of Forestry. Attached is a draft of the proposed edit and layout. Unfortunately I could not use the pollard photo as the image was too blurred.

I would be grateful if you could let me have a suitable sentence about yourself and any contact details for publication in the author's box at the end.

As this is not the final proof there is the opportunity to revise the text (especially where I have worked in the footnotes - complex weblinks do not work well in print and should be simplified if possible) and or add photos at this stage should you wish to do so.

Please let me have any revisions or additional photos by the end of July.

Best wishes,
Lesley
