Hi Wim,

Please see email below for the conference. I tried to register but it looks like there is a fee to be paid and I don't know which category I fall under.

I spoke to my consulting surgeon, he put me forward for my second hip replacement.

This is scheduled for end of August/beginning of September. I was therefore wondering, if I am unable to attend because of my operation, can I skip the oral and just submit a paper? How does it work in such situations?

Kind regards,

Liviu
