

*What are the limitations when implementing restorative justice policy in education?*

*Institutions regularly deal with crime and conflicts in education, where students are victims and perpetrators of violence, anti-social behaviour, and bullying.*

*How do staff in education define and understand 'restorative justice'?*

# Further Education Colleges Staff Experiences of Practising Restorative Justice

*What are the key opportunities for successful restorative justice policy implementation in education?*

*To create a safer environment and assist the perpetrator in reflecting on the impact of their behaviour, restorative justice (RJ) practices are adopted in some institutions to better manage and deal with such issues.*

*In the United Kingdom, research focus on RJ is predominantly in Primary and Secondary Schools; however, research is limited and underdeveloped in the Further Education (FE) sector.*
