International Journal of Electronics, Communications, and Measurement Engineering (IJECME)

Editor(s)-in-Chief: Augustine O. Nwajana
(University of Greenwich, UK)

ISSN: 2578-7551; EISSN: 2578-7543

Established: 2019; Published: Continuous Volume

The **International Journal of Electronics, Communications, and Measurement Engineering (IJECME)** is a dedicated source for high quality papers in the electronics, communications, and measurement domain. This journal aims to publish recent research findings, proposals, and technical reviews accomplished with numerical measures. Development of electronics, communications, and measurement techniques is key in many areas, including space, biomedical, health care, smart sensing internet, power quality, renewable energy, biotechnology, and nanotechnology. Conversely, to express and display data, electronic processing, communication, instrumentation, and measurement are needed in any technology. Therefore, advances in electronics, communications, and measurement are highly essential in current day scenarios for facilitating modernization. IJECME provides a worldwide platform for researchers and encourages contributions from eminent and distinguished scholars and academicians, practitioners, and entrepreneurs working in these areas.

Indexed in:

IET Inspec WEB OF SCIENCE™

Scopus®

Topics Covered:

- Antennas and arrays
- Artificial Intelligence and neural networks
- Beam forming techniques
- Big data and analysis
- Bioelectronics
- Bioinformatics
- Biomedical and environmental applications
- Body area networks
- Cognitive radio and sensor networks
- Data Analytics
- Embedded Systems
- Fault tolerance, reliability and scalability
- Image processing and applications
- And More

SUBMIT TO THE JOURNAL OF ELECTRONICS, COMMUNICATIONS, AND MEASUREMENT ENGINEERING

Prospective authors should note that only original and previously unpublished articles will be considered. Interested authors must consult the journal's guidelines for manuscript submissions at www.igi-global.com/publish/resources prior to submission. All article submissions will be forwarded to the Editorial Review Board for double-blind, peer review.

All submissions and inquiries should be directed to the attention of:

Augustine O. Nwajana (University of Greenwich, UK), IJECME@igi-global.com

International Journal of Smart Vehicles and Smart Transportation (IJSVST)

Editors-in-Chief:
 Profs. Anand Nayyar
 (Duy Tan University, Vietnam)
 et al.

ISSN: 2642-1631
 EISSN: 2642-164X
 Established: 2020
 Published: Continuous Volume

This journal gathers innovative and emerging research on the latest developments and applications of smart vehicles and intelligent transportation systems in order to improve transportation safety and efficiency.

International Journal of Quality Control and Standards in Science and Engineering (IJQCSSE)

Editor-in-Chief:
 Prof. Seifedine Kadry
 (Beirut Arab University, Lebanon)

ISSN: 2641-0923
 EISSN: 2641-0931
 Established: 2019
 Published: Continuous Volume

This journal focuses on the best practices in quality control and standards, specifically in the science and engineering fields.

International Journal of Manufacturing, Materials, and Mechanical Engineering (IJMME)

Editor-in-Chief:
 Prof. J. Paulo Davim
 (University of Aveiro, Portugal)

ISSN: 2156-1680
 EISSN: 2156-1672
 Established: 2011
 Published: Continuous Volume

This journal publishes high quality articles with special emphasis on research and development in manufacturing, materials and mechanical engineering.

International Journal of Strategic Engineering (IJoSE)

Editor-in-Chief:
 Prof. Amin Hosseini-Far
 (University of Northampton, UK)

ISSN: 2572-4959
 EISSN: 2572-4967
 Established: 2018
 Published: Continuous Volume

This journal aims to provide a platform for researchers, academics, practitioners and emerging scholars to share their invaluable knowledge and expertise on the continuous development within the field of Strategic Engineering.

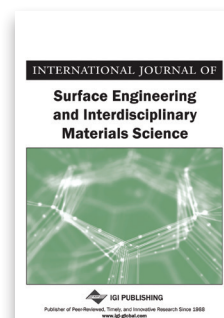

International Journal of Applied Industrial Engineering (IJAIE)

Editor-in-Chief:
 Prof. Sadaya Kubo
 (Setsunan University, Japan)

ISSN: 2155-4153
 EISSN: 2155-4161
 Established: 2012
 Published: Continuous Volume

This journal focuses on applied research in the areas of industrial engineering with a bearing on inter and intra disciplinary research.

International Journal of Surface Engineering and Interdisciplinary Materials Science (IJSIMS)

Editor-in-Chief:
 Prof. J. Paulo Davim
 (University of Aveiro, Portugal)

ISSN: 2166-7225
 EISSN: 2166-7233
 Established: 2013
 Published: Continuous Volume

This journal publishes high quality articles on materials science with special emphasis in aspects related to surface engineering.

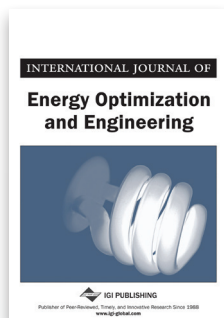

International Journal of E-Planning Research (IJEPR)

Editor-in-Chief:
 Prof. Carlos Nunes Silva
 (University of Lisbon, Portugal)

ISSN: 2160-9918
 EISSN: 2160-9926
 Established: 2012
 Published: Continuous Volume

This journal publishes original theoretical and innovative empirical research on the many aspects of the emerging interdisciplinary area of urban e-planning.

International Journal of Energy Optimization and Engineering (IJEQE)

Editors-in-Chief:
 Profs. Pandian Vasant
 (Ton Duc Thang University,
 Vietnam), et al.

ISSN: 2160-9500
 EISSN: 2160-9543
 Established: 2012
 Published: Continuous Volume

This journal publishes global research in the areas of energy optimization and engineering.
